February 17, 1999 LB 226, 379, 461, 568, 737

be what I would hope it would be, because I assume that you still intend to abide by subsection (4) of Section 84-1412, which says you can meet in your traditional meeting place, but you also should meet at a place that's not too small to accommodate the anticipated audience.

SENATOR SCHIMEK: Exactly.

SENATOR BEUTLER: Okay. Thank you.

SPEAKER KRISTENSEN: Further debate on the advancement of the bill? Senator Cudaback, you're recognized to close on the advancement of LB 461.

SENATOR CUDABACK: Mr. Speaker and members, I guess what's always reasonable to one person isn't always reasonable to another. After all, that's why we're here and that's good. I like a lively debate. We've had a good debate and I appreciate it. Anybody else have any comments or anything on Select File, if it goes on, I'm picking the cart before the horse here, but anyway, I appreciate it and if we can work it out any better, hey, that's what we're here for. This deals with the public, and I like these live debates. After all, it makes us earn our money, so thank you.

SPEAKER KRISTENSEN: You've heard the closing. The question before the body is the advancement of LB 461 to E & R Initial. All those in favor vote aye; all those opposed vote nay. Have you all voted? Record.

ASSISTANT CLERK: 29 ayes, 0 nays on the motion to advance the bill, Mr. President.
